EXPERIENCE

- May 2023 - Present
Warehouse stationery | Auckland

Copy centre specialist

 - Delivered unparalleled customer service by understanding and addressing unique print and copy requirements promptly.
 - Collaborated with customers to conceptualize and create various print materials, including business documents, marketing collateral, and promotional materials.
- February 2022 - July 2022
OCOS | Auckland

Web developer (Internship)

Through the use of parallax components, we were able to improve website usability and create a more visually appealing design. The primary web page architecture was created using HTML, CSS, PHP, and WordPress.
- November 2019 - July 2020
Biznet Consulting Ltd. | Auckland

Web developer

 - Developed a full-featured website with optimized content and a VIP security entry.
 - Increased average purchase activity by using personalized items from 80 to 150 by deploying personalized product suggestions based on customer data analysis.
- February 2016 - May 2019
Tomashill | Seoul, South Korea

Fashion Designer - Team leader

 - Collaborate on deliverables with vendors and key partners throughout the design process, including merchandising, preproduction, and product development. Plan monthly project concepts by researching and studying new trends and customer needs after every live broadcast.
- May 2014 - February 2016
Agabang | Seoul, South Korea

Fashion Designer

 - Collaborate closely with the US branch to discern trends in maternity wear within the US market. Coordinate with the Korean manufacturing team to ensure the successful launch of high-quality maternity wear products in the US.
